

AWARDS GIVEN AT ANNUAL GHS ALUMNI DINNER; OVER 400 THERE

Gettysburg High School alumni, more than 400 of them, gathered Tuesday evening at the high school cafeteria for the annual banquet followed by a dance in the school gymnasium.

Coming from points as distant as California and Florida, the old grads staged class reunions, conferred an honorary life membership upon Dr. Lloyd C. Keefauver, retiring superintendent of schools, and handed out the annual alumni awards.

Top scholastic prizes went to Susan Britcher, daughter of Mr. and Mrs. Jacob C. Britcher, Baltimore St., and Barbara Darrah, daughter of Mr. and Mrs. William C. Darrah, Gettysburg R. 1. Miss Britcher received \$15 in cash from Jay R. Schmitt, chairman of the awards committee, and Miss Darrah got \$10 as second prize.

Honor Dr. Keefauver
The recently established Ruth Spangler foreign language award, in memory of a deceased member of the school faculty, was presented to Elizabeth Heldt, daughter of Mrs. Charles H. Heldt, E. Broadway.

Top students in the commercial department were presented with checks for the J. Guy Wolf award by Mr. Wolf himself, a retired member of the high school faculty. Doris Moritz received \$50 and Nancy Eiker and Mary Anna Baker divided second prize of \$25.

Dr. Keefauver, responding briefly after President John A. MacPhail had presented him with a certificate of honorary life membership in the association, said more than 3,200 students have been graduated from the school in the 30 years he has headed the Gettysburg school system.

Early Grads Introduced
President MacPhail formally welcomed the large delegation of seniors into the Alumni Association—they get their diplomas Sunday evening—and the class president, Merle Gorman, responded for the seniors. The annual presentation of copies of the Cannon-Ald, school yearbook, was made by Miss Darrah, the editor, and Waldo Hartman, the business manager.

As he introduced alumni officers, President MacPhail brought greetings from Vice President Paul Amengruber, hospitalized since an auto crash of some weeks ago.

Marking the 60th anniversary of her graduation from high school, Miss Minnie Spangler, York St., was introduced as the representative of the earliest class in attendance at the banquet, the class of 1897. Other early classes noted were Isabelle Griffith, class of 1897; Mrs. Virginia Slentz, class of '98, and Mrs. Jessie Easterday, '99.

One Founder There
Donald Weikert was introduced as the president of the Washington chapter of the high school alumni association and Rufus Weaver, one of the senior members of the Washington group, also was presented. Dr. R. D. Wickerham, school board president, was presented.

One of the founders of the alumni association, Roy M. Dougherty, Reading, was the spokesman for the class of 1896 with three of the class of nine gathered for their 60th reunion. The others were Miss Alice Williams of Gettysburg and Mrs. Gertrude Hoffman of Emmitsburg. Dougherty recalled Buehler's hall on York St.

Eight For 40th Year
No one was present from the class of 1901 and only one, Lewis Topper, for the 50th anniversary class of 1906. He had left the banquet before reunion speeches were begun and a letter was read from Mabel E. Thorn, the class secretary. She sent the association (Continued On Page 7)

Nation Salutes War Dead In Memorial Day Observances

By THE ASSOCIATED PRESS
The nation solemnly salutes its war dead today in Memorial Day observances from coast to coast and overseas.

The 88th observance of the day will also find millions of automobiles jamming highways for the traditional start of the summer season.

The National Safety Council estimates traffic accidents will cost 110 lives, 40 more than on a non-holiday Wednesday.

Last year's three-day Memorial Day weekend claimed 369 traffic deaths.

Rail and airlines looked for, no big travel crush because the one-day holiday falls in the middle of the week.

Ike At White House
President Eisenhower flew to his Gettysburg, Pa., farm Tuesday for a round of golf and an overnight stay. He returned to his White House desk today.

In Washington Secretary of the Army Wilbur M. Brucker will place a presidential wreath at the

PRESIDENT TO RETURN TO FARM OVER WEEKEND

President Eisenhower returned to The White House this morning after an overnight stay at his farm but he will return to Gettysburg for the weekend.

The chief executive arrived at the local airport by motor from his farm at 8:20 o'clock. He was accompanied by Lt. Col. Walter Tkach, a White House physician, Colonel William Draper, his pilot, greeted him and after a few words, inaudible to the group of White House correspondents and photographers, the President said:

"I could have left a half hour ago."

The President, dressed in brown and bareheaded, started for his small two-motored plane. A reporter asked:

"Mr. President, are we coming back for the weekend?"

Urges Round Of Golf
Mr. Eisenhower turned, grinned and said: "Well, I am. Why don't you fellows stay here and play golf."

The White House press corps had been discussing the possibility of remaining in Gettysburg over the weekend, anticipating that the President would return for some rest and golf. They got their answer at the airport.

The President's plane was airborne at 8:26 o'clock. He had flown to Gettysburg Tuesday afternoon arriving at 1:45 o'clock. He was driven directly to his farm and a short time later he was on the course for a round of golf with his personal friend and farm supervisor, General Arthur S. Nevins. 2 RESTAURANTS BURGLARIZED TUESDAY NIGHT

Burglars broke into two Gettysburg restaurants during the night, securing about \$27 from the Deluxe Restaurant, Chambersburg St., and Bill's Diner, near the high school.

Borough police said the largest loss, \$25, was at the Deluxe, owned by Steven Svarnas. There several men clambered through a rear window and opened the cash register, scooping up bills and leaving about \$1 in change.

Mrs. Warren W. Stouck, 55 Chambersburg St., who resides in an apartment above the Deluxe, was awakened by noises about 2:15 o'clock. Investigating she observed three or four men at a rear window of the restaurant below. She called police who arrived within a few minutes, but the burglars had fled, apparently frightened off when they realized someone was stirring in the apartment above the restaurant.

Police said marks indicate the burglars attempted unsuccessfully to enter through a window at the rear of the restaurant kitchen and then moved to a window at the rear of the restaurant proper. There they ripped off a screen and pried off a metal bar in order to gain entrance to the restaurant. It was believed that possibly only one of the group entered and opened the cash register, leaving immediately either by way of the window or by going out the front door and slamming it behind him, so that it locked itself.

William Scott, owner of Bill's Diner, near the high school, reported the burglary at his establishment when he opened it at 6 o'clock this morning. Scott found someone had broken a window in the rear of the structure. Further investigation showed change totaling about \$2 removed from a cash drawer.

STEVENSON IN CLOSE VICTORY IN FLORIDA VOTE

MIAMI, Fla. (AP) — Adlai E. Stevenson emerged from Florida's today with a close and somewhat hollow victory over Sen. Estes Kefauver.

Florida voters simply didn't care much — and showed it with a small, tight vote — whether they gave the nod to the former Illinois governor or the Tennessee senator as their preference for the Democratic presidential nomination.

Returns from 1,680 of the state's 1,778 precincts added up this way: Stevenson 212,217

Kefauver 204,819

In the Republican primary, barren of any real competition, President Eisenhower topped Sen. William F. Knowland of California without trying. Knowland, on his part, made no effort to campaign or win.

GOP results from 1,346 of the 1,778 precincts showed:

Eisenhower 37,777 Knowland 1,885

Stevenson finally wrapped up his squeak through victory in the early morning hours, in one of the tightest presidential primaries in recent history.

Most of the way the ballot counting was a see-saw affair, with Stevenson up one moment and Kefauver the next.

For Stevenson, the major prize was 22 of the 28 Florida votes at the Democratic National Convention in August.

MOST OF STATE HAS PLEASANT WEATHER TODAY

By THE ASSOCIATED PRESS

Generally pleasant weather greeted Pennsylvanians on this Memorial Day as holidaymakers celebrated in two ways—a prayerful remembrance to fallen war heroes and a happy welcome to the traditional start of summer activities.

There were parades, military displays, observances at military cemeteries, religious services, picnics and sports events. Travel to resorts, puttering around the yard—or just a quiet day of rest at home—were also among the activities as Pennsylvania took a day off.

Dozens of parades for just about every neighborhood and suburb kept Philadelphians busy—not to mention a doubleheader between the Philadelphia Phillies and the Brooklyn Dodgers.

At Gettysburg, traditional services at the military cemetery were held. Harrisburg had a parade featuring units of the 28th Division. A war memorial was dedicated in the Pittsburgh suburb of Sheraden, with Pittsburgh Mayor David L. Lawrence the featured speaker. Pittsburghers had a doubleheader on tap also—Pirates vs. Giants.

Holiday travel began its upsurge last evening and continued heavy today. While the total number of motorists on-the-go will not approach that of a three-day weekend holiday, police are anticipating the possibility of more traffic jams because travel will be squeezed into one day.

Police officials and motor clubs have issued warnings against speed and mixing driving with drinking.

ASSURE HALL OF GOP UNITY IN PA.

WASHINGTON (AP) — Pennsylvania Republicans have passed this reassuring word along to Leonard W. Hall, chairman of the Republican National Committee: The GOP in the Keystone State is forming a united front for the November campaign.

Three GOP leaders met with Hall yesterday. They were George I. Bloom, chairman of the Republican State Committee; Jay Cooke of Philadelphia, newly elected Republican national committeeman from Pennsylvania, and Rep. Richard M. Simpson, dean of the Pennsylvania Republican delegation in Congress and chairman of the Republican Congressional Committee.

"In particular," said Bloom, following the meeting, "we discussed the importance of returning Sen. James H. Duff to the U. S. Senate and sending a solid Republican delegation to Congress." Bloom is administrative assistant to Sen. Edward Martin (R-Pa.).

"The Republicans in Pennsylvania are determined to play a major role in continuing the peace and prosperity of the Eisenhower administration for another four years," Bloom said.

"I am most confident that the voters of Pennsylvania will give President Eisenhower and the Republican ticket an overwhelming majority in the November election."

BAPTISTS TAKE RACIAL STAND

KANSAS CITY (AP) — The Southern Baptist Convention was urged today to show courage, prudence, patience and understanding on the racial segregation issue.

Dr. Casper C. Warren of Charlotte, N.C., in a prepared presidential address opening the four-day meet, reminded the convention that two years ago it approved the United States Supreme Court decision banning segregation in public schools. He warned:

"Open defiance of the constitutional principle will endanger our foreign mission work throughout 35 areas of the earth and play right into the hands of the Communists, who will welcome the privilege of ridiculing not only our democratic form of government but the type of Christianity which seeks to win the world."

The SBC president, who is scheduled for re-election, told the Baptists if they would "show courage, prudence, patience and understanding called for by the President of the United States, we will find the solution for this question on the local level and will demonstrate to the world that men of every race can live together in peace."

NEGROES ORDER BUS BOYCOTT

TALLAHASSEE, Fla. (AP) — A full-scale boycott of Tallahassee buses has been recommended by more than 200 Negro leaders who are requesting employment of Negro bus drivers and what they call "more courteous treatment" for Negro passengers.

At a meeting last night, the Negro ministers, civic leaders, business and professional men and students of Florida A&M University for Negroes organized a car pool to provide transportation for

those who depend on buses.

The boycott will last, they said, until consideration is given a three point request for Negro drivers, a first-come-first-served seating policy on predominantly Negro routes and for "more courteous" treatment by white drivers for Negro passengers.

serving: "I feel confident that the people of Gettysburg want us to have a fire department second to none, if for no other reason than that Gettysburg's fire loss has been reduced tremendously within the last few years, and that fact has been reflected in the fire insurance rates. The people we serve have been in the past more than generous in supporting the department and I feel that they will continue to support it."

The report of Treasurer Paul B. Fox showed \$6,170 in the equipment fund. He added, "If the current solicitation for funds and the carnival in connection with the 93rd Battle Anniversary program bring in as much as they have in the past we should be able to add about \$4,000 to \$5,000 more to the equipment fund. That will give us about half of what we need."

Fire Chief Donald W. McSherry, chairman of the truck committee, said that among items determined as desirable in a new engine is a water carrying capacity of 750 gallons, a 750 gallon per minute pump, a compartment to carry a portable pump, additional booster reel hose, wet water and foam installations, a winch, longer ladders, and other equipment "which will supplement what we already have."

FIFTY RECEIVE DIPLOMAS AT LITTLESTOWN HI COMMENCEMENT

Fifty boys and girls received diplomas of graduation from the Littlestown Junior-Senior High School at the 43rd annual commencement exercises held on Tuesday evening in the high school auditorium, which was filled to capacity for the occasion.

Dr. Ivor Griffith, president, dean and research director of the Philadelphia College of Pharmacy and Science, delivered the commencement address. Dr. Griffith stressed that education begins at home, stating that "the world's most important teachers are the parents, and they should realize that they have young children when they are most adaptable and have most pliable characters; within the first six years, children are whatever their parents imprint in them as enduring value." "Going to school," the speaker continued, "the child is turned over to what is sometimes called 'the assembly line' of education, and we must provide the best sensible education we can as parents for our children after they leave our full time care, and are in the teacher's care." Dr. Griffith emphasized to his audience that the best teachers should be in the elementary grades, because it is here that the child needs the most guidance.

The reports showed that of all cows completing 305 days or less lactations during the year, two produced more than 700 pounds of butterfat, four between 600 and 700 pounds, 40 between 500 and 600 pounds, 147 between 400 and 500; 299 between 300 and 400 pounds and the remainder were below 300 pounds of butterfat.

Top fat producer among all of the cows tested was a nine-year old registered Holstein in the herd of

daughter, Mrs. Anna Lively, Steelton. She was held Tuesday afternoon at the Emmitsburg Lutheran Church with the Rev. Philip Bower officiating. Interment in the Rocky Ridge Church of the Brethren Cemetery, Fallbearers were John Henry Michael, Maurice Michael, Frank Favorite, Charles Shorb, Harvey Michael and James Michael.

Accuse Countians Of Reckless Driving

A charge of reckless driving was filed before Justice of the Peace S. M. Kohler, of Fayetteville, against Harry E. Zerfoss, 33, of Abbotstown R. 1, on Saturday evening after the Zerfoss car had been involved in a collision with a house trailer just east of Fayetteville. The Abbotstown man paid \$15 fine and costs and was released.

Traveling east on the Lincoln Highway, the Zerfoss car struck the rear of a house trailer which was being towed by a truck operated by Carl W. Shroyer, 27, of Fayetteville R. 1, an employee of Keller's Mobile Homes. Shroyer had slowed the speed of his vehicle preparatory to making a right turn into the Keller sales lot when the trailer was struck from the rear by the Zerfoss car.

Damage to the Zerfoss car was set at \$450 and to the trailer at \$75.

Wedding

Adams-Carus

Miss Josephine Ann Caruso, daughter of Mr. and Mrs. Frank Caruso, Philadelphia, became the bride of Sgt. Norman David Adams Jr., USAF, son of Mr. and Mrs. Norman D. Adams, 205 DePaul St., Emmitsburg, May 19, at 10 o'clock at a Nuptial Mass in Corpus Christi Church, Philadelphia.

Officiating at the ceremony was the Rev. Fr. McGinley, assistant pastor.

Given in marriage by her father, the bride wore a white princess style dress of imported skinner bridal satin with a cathedral train. Her fingertip veil of illusion was attached to a crown-shaped pearl tiara. Her bouquet was an arrangement of white roses and orchids.

Miss Josephine Marie Caruso, Philadelphia, cousin of the bride, was the maid of honor. She wore a gown of pink crystal and organza fashioned on princess line, a halo of white roses in her hair and carried pink and white sweetheart roses.

The bridal attendants were Miss Harriet Harner, Philadelphia cousin of the bridegroom, and Miss Joan Piro, Philadelphia, cousin of the bride.

Jack W. Aelosci Folsom, Pa., was the best man. Ushers were Charles Harner, cousin of the bridegroom, and Felix Caruso, brother of the bride, both of Philadelphia. A dinner and reception followed at the bride's home.

After a honeymoon in Atlantic City the couple left for Victorville, Calif., where the bridegroom is stationed with the Air Force.

Out of town guests were from Ontario, Canada; Geneva, Italy; Pennsylvania, New York, Maryland and Bridgeport, Conn.

Note Increase In Civilian Employees

WASHINGTON (AP)—The number of civilian employees of the federal government increased in April for the fourth consecutive month, Sen. Byrd (D-Va.) said today.

He gave the increase from March to April as 6,994 and said it brought the total to 2,359,611. Byrd, reporting as chairman of the Senate-House Committee on Reduction of Nonessential Federal Expenditures, said the biggest increases occurred in the Departments of Agriculture, Interior, Commerce and Air Force.

"This was the 12th consecutive monthly increase in civilian employment by the Air Force," he said, "the cumulative increase being 32,761."

SELL TWO PROPERTIES

The following property transfers have been recorded in the office of the register and recorder:

Elda Kling, East Berlin, sold to Robert W. and Ruth M. Lusk, Latimore Twp., for \$6,000, a property in East Berlin.

Jesse C. and Kathryn C. Landis, Franklin Twp., sold to Harry F. and Ruth A. Blessecker, Franklin Twp., a property in Franklin Twp. for \$500.

Earl Noel, McSherrystown. The animal "Ormsby Hartog Pieterle Payne" 2763367, produced 16,162 pounds of milk and 744.5 pounds of butterfat. Runner up to the top producer was "Merry Expectation Pieterle" 772970 CHB a registered Holstein in the herd of Paul Barney, Taneytown. The seven year, three month old animal produced a total of 18,187 pounds of milk and 721.5 pounds of butterfat.

The four cows that produced between 600 and 700 pounds of butterfat were also Holsteins. "Artie," which produced 17,938 pounds of milk and 637.9 pounds of butterfat and "Artie II" which produced 17,687 pounds of milk and 617.7 pounds of fat, both in the herd of Ira L. Boyer, Hanover R. 3; "May" in the herd of Earl Brandon, Gettysburg R. 2, which produced 18,419 pounds of milk and 631.5 pounds of fat and "Bonnie Beets Alcatraz," in the herd of J. Allen Spangler, which produced 604.8 pounds of fat and 15,369 pounds of milk.

Herbert Gilmore, Pennsylvania State University DHIA specialist, told of plans to install IBM machines at the university, probably with a year, to handle all of the DHIA records. The machines would reduce the paper work for the dairy herd improvement association testers throughout the state, he reported, and as a result permit possible the doubling or tripling of DHIA circuits.

County Agent Frank Zettile spoke on "Grassland Dairying."

Arbitration As Substitute For War Is Plea Of Curtis In Address Here: Standing on ground hallowed to the heroes of the Civil war on a day set aside as a memorial to the men, both living and dead, who fought in all America's wars, Charles Curtis, vice president of the United States, in a stirring address before thousands who came to Gettysburg from every point of the compass to hear him at the national cemetery, made a forceful plea for the substitution of arbitration for arms in the settlement of difficulties between nations.

"We would like to see the time come when nations will settle their disputes by other methods than war," the vice president told the large holiday assemblage spread over the far reaching grass sward that slopes away from the special rostrum built for the occasion by the United States War Department.

The graduating class numbers 97 this year and the honor group comprises approximately one-fifth of the number to be graduated. Each year more and more high schools are departing from the selection of first and second honor students and substituting an honor group. Mr. Lefever said.

Members of the honor group will play leading parts in the commencement exercises at the high school on the evening of June 4. In the honor group are Guy Edward Brown, Edward Banister Bullett, Miss Helen Mae Conover, John Wallace Davies, Miss Anna Dorothea Grimm, Miss Louise Bream Hartzell, Miss Allene Esther Irvin, Miss Marion Miller, Miss Florence K. Today's Talk

WORLDS BEYOND

Just to have inherited the light of the sun is to have been born rich. But with this light, if there is inbred a desire to see and understand, a craving for the beautiful in nature and people's hearts, then one is more than merely blessed. If you carry beauty in your heart and mind there are worlds and worlds beyond, even though the one in which you live may present darkness difficult to understand. As we grow in spirit, more and more light creeps in so that no longer we seem to have inherited a sunless world and a fading faith.

We know so little. Looking into the heavens upon a clear night, what an exhibition of stars here! Yet there may be a million other worlds, far more remarkable than this one in which we live. We have no idea what is veiled from us.

Scientists are forever running into mysteries and discoveries. Some so strange and weird that they appear to have entered another world, as perhaps they have! We can only speculate from where we are and what we already know. Even about this earth there is so much undiscovered that we need give no worry to any other world, beyond hoping that if there are people on such worlds, they are happy.

Our interest should rest upon trying to make this world, into which we were born, as happy a one as can be imagined, or bettered with such love and intelligence as we now possess. Perhaps the time will come when we will be so spiritually equipped that we can read the minds and hearts of others while they yet live, and perhaps communicate with them when gone! We can only imagine what this world will be in a hundred or thousand years from now, if it isn't blown up through the ignorance and greed of a few.

Tomorrow Mr. Adams will talk on the subject: "A Tourist Trip Protected, 1956, By The George Matthews Adams Service"

MEMORIAL DAY
This we remember: they were young and brave;
For us and freedom all life held they gave.They had their loved ones;
strangers though were we,
Yet off they marched and died to keep us free.This we remember: they had laughter then.
Loved and were loved as is the way with men.
But they could face the rain of shot and shell
That in our country all would long be well.Sad will it be should not a banner wave
And not a flower be placed upon a grave.
If never taps should sound, nor one tear fall,
The world would know they were forgotten all.

Literature as the Gettysburg Address. Many years ago I asked Robert Lincoln, the President's son, the extent of his father's education, and he replied: "Father did not have anything to start with and hardly went to school at all." Lincoln's lines not only gave mankind the essence of the meaning of the struggle then being waged but also serve in this hour and for all ages as a prayer of deliverance for all people.

"An Eternal Light"
Abraham Lincoln the man, Gettysburg the place, and the soldier dead were the occasion for the ceremony on November 19, 1863. These combined to create for the free world an eternal light in man's unending struggle for the happiness God intended him to possess.

Here at Gettysburg representative government ceased to be an experiment of four score and seven years. The battle and the speech gave it the stature of perpetuity. Today, four score and 13 years later, Lincoln's question, "whether this nation or any nation conceived in liberty can long endure," has again been tested in the crucible of war and answered affirmatively at least for our day.

The circumstances dedicating this burial ground take on a shining luster and a sublime grandeur from the complete absence in the spirit of Lincoln's Address of any note of hostility. It is weighted with the tragedy of the event and the whole war. It broods over the

LIST BERTHS IN COLLEGE WORLD SERIES FINALS

OMAHA (AP)—All remaining play-offs for berths in the college world series are under way or are set to start this weekend with the exception of one.

The one exception awaits a play-off. That is in District 5 where Missouri and Oklahoma meet Thursday at Missouri in a play-off of a once forfeited game. The game was originally forfeited to Missouri because Oklahoma would not play on an alternate Missouri diamond when rain made the regular field unplayable.

But the Big Seven Conference ordered the forfeit stricken from the record and the game replayed if it would have a bearing on the conference title. The regular season ended with Oklahoma leading on a 5-2 record and Nebraska having an 8-4 mark.

Thus the game was ordered played as an Oklahoma loss would set up a percentage tie. If that happens, the conference champion will be determined by a toss of a coin, the winner of the flip to engage in a play-off with Bradley and North Dakota State. Dates for the play-off will be set later. One team has already qualified for the series. That is Arizona, winner over Texas Christian in a District 6 play-off and holder of a 45-6 season record. Arizona has been a tourney favorite the last two years but has never won the series.

Wake Forest, the series champion from the Atlantic Coast Conference last year, won't be back. The Deacons lost their conference title to Duke this year.

District 4 Under Way
The District 4 play-offs got started yesterday with Notre Dame taking a 4-3 10-inning win over Minnesota. Big Ten champion, Ohio University and Cincinnati were rained out at Athens, Ohio. These are best two of three affairs.

Other play-offs set the weekend are:

District 1, Springfield, Mass.: Boston University vs New Hampshire; Massachusetts vs Vermont. Friday, Saturday, best two of three; winners meet in finals.
District 2, Allentown, Pa.: Delaware vs St. Johns, Penn. State vs New York University. Friday, Saturday, best two of three; winners meet in finals.
District 3, Gastonia, N. C.: Mississippi vs Tennessee State; Duke vs Florida State. Friday through Monday, winners to meet.District 7, Colorado State vs Wyoming Friday at Greeley, Colo. Saturday at Rawlins, Wyo., best two of three.
District 8, Pullman, Wash.: Southern California vs Washington State. Friday, Saturday, best two of three.

The final series will be at Omaha's Municipal Stadium June 9-13.

Segregation Is Churchmen's Topic

PHILADELPHIA (AP)—The 168th General Assembly of the Presbyterian Church in the U.S.A. today had before it a broad-based program of desegregation reaching into the home, school and office. The Committee on Social Education and Action asked the assembly at the concluding session of a seven-day annual meeting to adopt a report which asserted: "Nowhere in our land can Negroes, and to a lesser extent other minority persons, escape the indignity of segregation or discrimination in one form or another."

The report urged the assembly to call upon all Christians who are planning to sell their homes "to see as of first importance the need of minority families for equal housing, and to make their houses available to all qualified purchasers regardless of race."

hero dead as though on both sides they had fought for the clarification of great ideal and perished to realize it.

So Much In Few Words

Great utterances have been delivered in many places down through the centuries. This one had the singular gift of expressing the basic meaning of the United States, in the noblest language, at a moment of deep national bereavement, by an American President forever stamped as typical, and whose entire life work is summed up in these compactly beautiful sentences of that short oration. Never in the history of literature was so much said, so wisely, in so few words.

We know now that the Address was not written on the back of an envelope, nor was it the inspiration of the moment. We know it represented the deepest soul searching of a profound and thoughtful President putting into three minutes of the spoken word what he had been thinking about for many years. The longer he lived the greater was his faith in the freedom of man and the stronger his conviction that it must be preserved.

What we have in the Gettysburg Address is deep thinking expressed in simple language. Its infinite compassion, its dedication and its hope that "this nation under God shall

not perish from the earth" place it with the most sublime literature of the Hebrew prophets.

Imperishable Foundations

Whatever part of this Republic might be destroyed in a physical sense, its spiritual foundations, with these words, remain imperishable.

The real headline or top attraction of the Gettysburg dedication 93 years ago was not Abraham Lincoln at all, but perhaps the greatest of the great orators of that day. He was a former member of Congress, former president of Harvard College, former minister to Great Britain, former secretary of state, former governor of Massachusetts, and former United States senator — the matchless Edward Everett. Yet the purest and most perfect prose was spoken not by the most educated American of his time who had attended temples of learning on two continents but by a most uncommon commoner from Illinois whose hands knew the feel of an axe handle and who hardly went to school at all. Yet the few "appropriate remarks" he was invited to deliver here stand forever as the symbol of our American philosophy of government.

"Living Tradition"

There is still another circumstance equally challenging that holds us here today in this reverent

hour of recollection and memorial. "The world," said Lincoln with the humility of the lonely and the great, "will little note nor long remember what we say here, but it can never forget what they did here." Now 93 years after we find the Gettysburg Address as well as "what they did here" as much the living tradition of our country as the Declaration of Independence and the Constitution of the United States. Indeed I venture to suggest that we have to turn to the Bible and to our books of prayer to find words better remembered, more frequently quoted or vested with such moving spiritual force.

It was because of what was done here and precisely because of what was said here that we gather today to add our homage to the generations that before ours paid their tribute as will the generations that are to come after. Where we now stand is holy ground, a shrine as durable as man's love of freedom and as precious as his willingness to sacrifice life to maintain it.

"Rightly Humble"

We are rightly humble before the presence that watches over these sacred acres, and we should take as much as we can of inspiration from these surroundings for the tasks destiny has thrust upon us in an age where again freedom

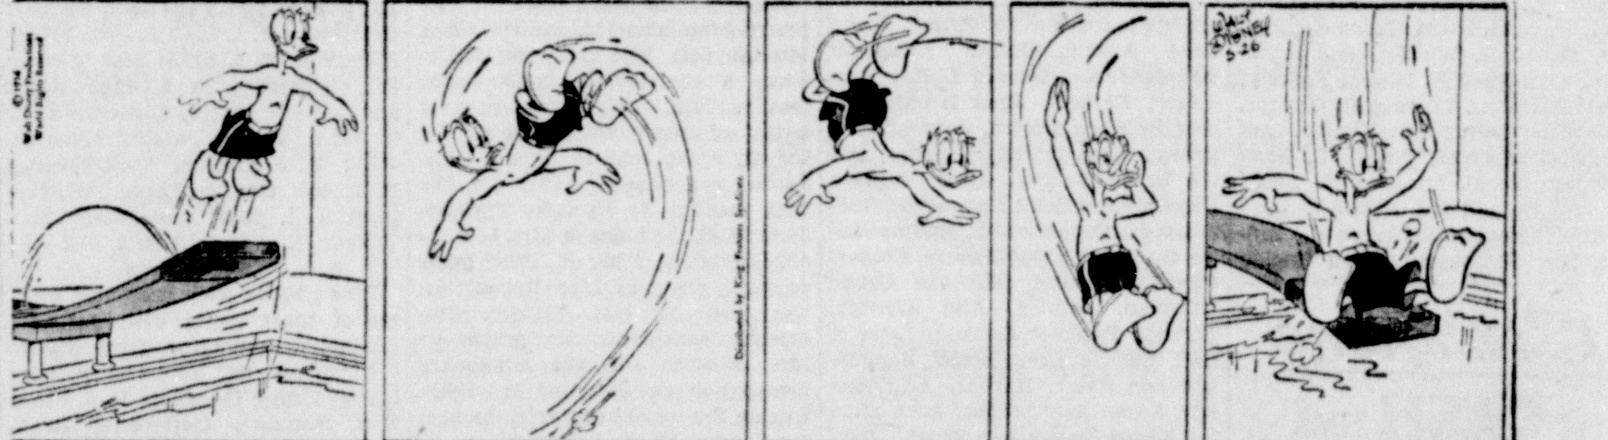

and slavery face each other in a world divided.

It may be that another American will in the decades to come add to the luster Abraham Lincoln gave to the American dream. It may be that another American taking his fire from the eternal light brought forth here will help mankind of a future day march to its hour of victory over the enemies of liberty. Perhaps we had less than two short years ago an approach to the Lincoln tenets of faith in the words of President Eisenhower, who stated on July 7, 1954, "I will not be a party to any treaty that makes anybody a slave."

Weapon Of The Soul

Freedom has its life in the hearts, the actions and in the spirit of men. This we know as we meet today in commemoration and communion; a weapon touched by the finger of God was forged here by Abraham Lincoln, a weapon of the soul and of the heart that can not be vanquished by any force so long as man lives.

We have been obliged to forge some dreadful weapons to preserve our heritage. But no weapon we have yet forged is as enduring, no weapon as strong, no weapon as grips our inmost conscience as that weapon of the mind that Lincoln tossed to man, like a torch, on the field of Gettysburg in 1863.

Cashtown, unbeaten league-leader of the Pen-Mar circuit, ran its streak to five in a row by nipping Emmitsburg 4-3 Tuesday evening on the latter's field to highlight the evening's program of four make-up games.

The game was well played all the way. Cashtown tabbed a run in the first on a single by G. Herring, steal of second base, a wild pitch and single by Skip Fisel. Emmitsburg tallied twice in the third via walks to Kelly and Gelwicks and a dropped outfield fly. Cashtown knotted the score in the fourth on singles by Kitzmiller and Cloyd Spence which sandwiched Kitzmiller's steal of second.

Three errors, a wild pitch and a sacrifice fly produced two more Cashtown runs in the fifth. Orner homered for Emmitsburg in the seventh for the final run of the game. Richardson, Cashtown hurler, allowed but two hits. Wisner breaking his no-hitter with two out in the fifth.

New Oxford tallied four times in the fourth inning and three more times in the sixth to upset invading Fairfield 8-2. The winners collected seven hits including a pair by Sipe. D. Sites rapped a pair of safeties for Fairfield including a homerun in the top of the third.

Pair Of Shutouts

Taneytown tabbed a run in the last of the final inning to blank Union Bridge 1-0 in the best game of the day.

After one was out, Blizard singled and Motter took his place as a runner. Herring fanned. Weaver was hit by a pitched ball and then Crum singled to drive home Motter.

WILLARD NIXON BEATS YANKEES AFTER MISSING PERFECT GAME

By ED WILKS

The Associated Press

Last season, when Willard Nixon was the only pitcher to beat the New York Yankees four times, Manager Casey Stengel observed, "We gotta find out somethin' about that fella." Yesterday, the Yankees found out they "gotta find out somethin'" more about the Boston right-hander.

Stengel's champions finally got to Nixon late last season, beating him the last two times they met. And right off the bat this spring, they put him under the showers after five innings the first time they faced him.

Nixon got the Yankees squared away again yesterday. He almost had 'em wrapped up in the first perfect game since 1922, retiring the first 20 men he faced. Then all sorts of things happened and he had to settle for a 7-3 decision and a three-hitter.

Four-Game Lead

The defeat sent New York into header bill with Washington four games ahead of second - place Cleveland, which was idle, in the White Sox, in fourth, picked up a game by banging Kansas City 7-4 in 12 innings. Washington beat Baltimore 6-5.

No. 18 For Mantle

Nixon, a 28-year - old Georgian who is 9-5 lifetime against the Yankees, lost his chance to match the only other modern-era perfect game—by the White Sox's Charlie Robertson, 2-0 over Detroit—when he walked Mickey Mantle while Martin's two-out triple erased the chance for "even" a no - hitter with two out in the eighth.

And then, after a two-out error in the ninth, Mantle socked his No. 18 home run into the bleacher to junk the shutout. Yogi Berra tripled and scored the third run, all unearned, on an error.

Triandos Gets Going When He Hears Of Specs

By GORDON BEARD

BALTIMORE (AP) — Just tell Gus Triandos he may have to wear glasses and the rangy first baseman-catcher of the Baltimore Orioles becomes a slugging monster.

Gus has been the top long-ball threat of the Orioles since he was obtained in the big trade with the New York Yankees before the start of the 1955 season. He set Baltimore club records last year with 12 home runs and 65 runs batted in while hitting .277.

But some of his best hitting has followed talk of, and experiments with, spectacles.

Started It Again

Triandos came home from a road trip last week in a batting slump. Although he led the club with 25 RBIs, he was hitting only .260.

Manager Paul Richards, for the second time in two years, started talking about glasses. Big Gus submitted to an eye examination and even agreed to wear spectacles in batting and fielding practice. He wanted to try them out before using them in regular play.

The experiment started last week when the Yanks came to town. Triandos wore the specs in practice, then took them off and pounded the ball all over the lot in the game.

May Use It Again

Against the Yanks last Saturday he got a home run and a double and batted in three runs as Baltimore won 9-4. Sunday's game was rained out, but the following day against Washington, Gus hit three singles and a double and batted in a run. Baltimore won again 6-5.

In three games, the 25-year-old right-handed batter got 9-for-13, a .692 pace, and raised his average 52 points to .312. His 6 homers and 26 runs batted in are well ahead of his 1955 pace.

The way Gus is whacking the ball, chances are he'll never wear the specs in a game. If he slumps again, Richards can just dust off the oculist gimmick.

South Penn Baseball League

None of the postponed games from Sunday in the South Penn Baseball League were played Tuesday evening as per bylaws of the league, agreements being reached by teams involved to play the games on future dates.

It was reported late Monday Hunterstown would make up its game at Littlestown Friday evening, June 8, at 8 o'clock. A check Tuesday evening revealed that Harney and Brunsdown will play next Tuesday evening at Brunsdown while Bonneville will play at Greenmount this Friday evening. No previous announcement was made of the switch in dates.

Games scheduled today include Bendersville at Harney, Bonneville at Hunterstown, Mummansburg at Brunsdown, and Littlestown at Greenmount.

Renew Offer To Help Stop Proselyting

LOS ANGELES (AP) — Influential alumni of member schools in the Pacific Coast Conference again are willing to try helping to police undercover proselyting of athletes.

H. James Bishop, prominent in the now defunct Pacific Coast Conference Athletic Alumni Committee, said plans are afoot to reactivate the organization.

The committee, formed around 1950, offered to help the schools by supervising their own activities raised by booster clubs to the universities.

Bishop said the university presidents ignored their offer. The committee got only a brushoff when it appeared before the faculty representatives at a conference in Carmel City, Calif., in 1951.

Nothing ever happened so the committee disbanded, Bishop said.

BOXING PROBE DELAYED BY CONVENTIONS

CHESTER, Pa. (AP) — The State Senate investigation of boxing in Pennsylvania probably won't get underway until late August, when the two national political conventions are over.

Sen. G. Albert Watkins, Delaware County Republican who is slated to head the five-man committee that will conduct the probe of the sport and report to the 1957 Legislature, said "no chairman has been elected as yet," adding that "it may be a month before we can meet" and elect one.

The organization meeting of the meeting — necessary before the investigation can begin—will be called by either Watkins or Sen. Democrat.

Raising Funds
"Right now I'm busy working on a drive to raise funds for Sacred Heart Hospital of Chester—we're building a new 150-bed addition to the hospital," Watkins said. "It's going to keep me tied up for a month, with very little time to give attention to any other important matters."

Watkins noted that the Senate failed to vote an appropriation for the investigation, though it unanimously approved the probe, and this will prevent the employment of outside counsel.

"We will have to take someone from the staff of the attorney general," Watkins said. "That won't cost us anything in counsel fees but there are bound to be some pretty good sized expenses—for a secretary and for the committee's traveling costs, among others. We will have to go to Governor Leader to okay that money."

Watkins said that when the investigation gets started the committee will try to find out why boxing in Pennsylvania has fallen to such a low level.

New Rules Turn Up In Evangeline League

NEW ORLEANS (AP) — There's an old saying that "if it happens in baseball, it will happen in the Evangeline League."

Two samples from last night's games in the Class C League:

At Baton Rouge, Lafayette outfielder Don Zimmerman jumped against the right field fence trying to reach Bob Reid's liner, but couldn't catch it. Reid happily trotted around the bases thinking he had a three-run homer. But umpire Bill Williams called Reid out, explaining that if it hadn't been for the fence Zimmerman could have caught the ball. Lafayette won 16-0.

Alexandria and Crowley scheduled a seven-inning and a nine-inning doubleheader. But when the first game went eight innings before a tie was broken, the teams decided to play another inning and make the nightcap the seven-inning game. Alexandria won both games, 1-0 and 5-2.

YESTERDAY'S STARS

Pitching: Willard Nixon, Boston Red Sox — Retired the first 20 men he faced before giving his only walk and didn't allow a hit for 7-3 victory in 7-9 victory over Yankees.

Hitting: Gus Bell, Cincinnati Redlegs — Hammered three home runs and two singles for perfect day at bat, driving in seven runs in 10-4 decision over Chicago Cubs.

New Style Big Car Races Next Sunday

WILLIAMS GROVE, Pa.—Something new, different and exciting in big car auto racing will be presented on the Williams Grove Speedway Sunday afternoon when Owner Roy Richwine presents a seven-event card sanctioned by the United Racing Club.

Of special interest to Mr. and Mrs. Average Motorist will be an opportunity to see the performance of stock engines similar to those used in the same cars they drive, mounted in regulation big car auto racing bodies.

The forthcoming event, first U. R. C. race sanctioned on the oval since 1950, will also bring a galaxy of new faces and new cars to Williams Grove, Richwine having been assured that a field of at least 40 can be expected.

Willie Pastrano To Meet Spieser Tonight

NEW ORLEANS (AP) — Willie Pastrano, sixth-ranking contender for the vacant heavyweight title, is usually tough to beat on even terms, but rugged Chuck Spieser of Detroit spots the New Orleans dancing dandy 15 pounds in the 10-round match tonight.

Pastrano is expected to hit 187 by fight time while Spieser, a former Olympic champion from Michigan, is expected to scale 172.

Pastrano holds a decision over Spieser. They fought to a draw at Miami earlier this year. The money men who should know have installed wisp Willie an early heavy choice at even money or less.

ABC will telecast at 10 p.m. EDT.

FAMILY, FRIENDS PAY TRIBUTE TO OWN WAR DEAD

By HAL BOYLE
ANY CEMETERY, U.S.A. (P)—Dialogue under the headstones: George (vintage '18): Well, here it is another Memorial Day. Wonder who'll come?
Jim (vintage '17): Who cares?
Clem (vintage '64): Not me. I'm not expecting visitors.
Charley (vintage '63): Me neither. It's been a long, long time since we've been here. But restful.
Joe (vintage '43): I'd like to see my folks again.
Frank (vintage '50): I never had no folks—unless you can call an orphan home daddy. But Edith, my girl, she said she'd never forget. But she only came here once to see me.
Jim: I had folks once a long time ago, but I ran away young, and I wasn't the kind of kid they'd exactly want to remember.

Woman Prays
(An elderly woman came and knelt above George, prayed a few moments, then walked away, her head down.)

George: Stella! When I kissed her goodby she said if I didn't come back she'd never marry again. That was what?—30 years ago. She looks so old and tired and lonely. Does she really think that's the way I wanted it? If I could only have left her a son.

(Four people, an elderly couple and a young couple, came to Joe's headstone, decked it with flowers, and spoke of him lovingly as they sat down on the grass and opened a picnic lunch.)

Joe: Mom! Dad! And my kid brother. How big he is! The girl with him must be his wife. Imagine Harry being married. How fast things change—up there.

(A delegation from the Sons of the Confederacy arrived, planted a waving flag—the Stars and Bars—by Clem's grave, listened to a brief speech then departed.)

Charley: I don't know what happened to the Sons of the Grand Army of the Republic this year, Johnny Red, but your side remembered you.

Clem: Why shouldn't they, Yankee? Who do you think won the war? But it was a mighty terrible short speech.

George: I was crawling through some barbed wire near Chateau-Thierry when a Hun sniper—

Clem: I was crying for water in a Yankee prison. I had the

State's Borrowing Capacity Increased

HARRISBURG (P)—Pennsylvania has increased the borrowing capacity of the General State Authority by 100 million dollars for a new building program at state institutions throughout the commonwealth.

Gov. Leader on Monday signed into law a bill authorizing the increase from 330 million dollars, 30 million less than the governor had requested.

The largest portion of the increase is set aside for the State Welfare Dept. It is to receive 42 million dollars.

MOTHER OF FOUR SENT TO PRISON

CAPE MAY COURT HOUSE, N. J. (P)—Mrs. Elizabeth Sherwood, 41-year-old mother of four, has received a 20 to 25-year sentence to Clinton Reformatory for killing her husband.

Cape May County Judge Jonathan Acton turned down a plea for leniency as he passed sentence on Monday. He said the jury that convicted her of second degree murder had already shown mercy.

The defendant, who could have received a maximum term of 30 years in prison for shooting her husband to death last Feb. 6, stood quietly, her eyes fixed on the floor, as the judge spoke.

John F. Sherwood, a 43-year-old maintenance foreman at a metal products plant in Bristol, Pa., was shot three times with a shotgun at the couple's North Cape May home.

Mrs. Sherwood claimed self defense as her trial, testifying that her husband was drunk and tried to strangle her. However, a state police chemist testified that an autopsy showed no evidence of alcohol in Sherwood's brain.

Frank: I was in the Marines, just turned 20, when we landed in Korea. Didn't even have time to hate anybody. Five minutes after we started up the first hill a mortar hit at my feet and—Aw, who cares now? Where's Edith? She was only 18 when she promised she'd always... Couldn't she come just this once?

(The family group above Joe rose to go. His mother, the last to rise, suddenly knelt down again, put her lips to his name in the stone, and burst into tears.)

Joe: Mama... mama—

ADVERTISE IN THE TIMES

REDS INVITE ONE YANK TOMOSCOW

WASHINGTON (P)—Moscow has ignored a broad hint from Washington that it would welcome an invitation to the Joint Chiefs of Staff to visit Russia.

The Russians did send a formal invitation to one of the Joint Chiefs, Air Force Gen. Nathan F. Twining, to attend Soviet Aviation Day ceremonies in Moscow June 24. Announcing receipt of the invitation Monday night, the Air Force said it is under consideration.

When word of this forthcoming invitation got out last Thursday, both the Pentagon and the White House hinted strongly that the Joint Chiefs of Staff would accept if they were invited to Russia. They include the chiefs of staff of the Army, Navy and Air Force and a chairman, Adm. Arthur W. Radford.

Twining Invited
When the formal invitation was delivered by Soviet Embassy aides Monday, however, it did not cover all the Joint Chiefs, but only Twining.

The New York Herald Tribune, in a Washington dispatch, said today President Eisenhower had conferred with Twining and others and "decided in principle" that the invitation would be accepted.

Whether to regard the omission of the other chiefs of staff as a rebuff was a likely topic for discussion at a White House gathering today of eight advisers to the administration from private life. Although their field is primarily disarmament, they are expected to touch on many phases of U.S.-Russian relations.

ACCUSES OSI OF POWER GRAB

WASHINGTON (P)—Rep. Moss (D-Calif.) said today the partial unveiling of a secret order shows the Office of Strategic Information "planned to go far beyond its authority" and restrict the flow of information from federal agencies.

Moss, chairman of a House Government Operations subcommittee seeking release of more government information, accused the OSI of an "attempted power grab" as he made public part of a secret directive.

The order by the National Security Council, the government's top strategy group, dealt with internal security matters. Part of the directive ordered the Commerce Department to set up the OSI.

OSI has been accused of trying to censor nonsecret information. OSI officials have denied censorship, saying their job is to help keep important data from going to the Communists.

Moss added in a statement: "A careful comparison of the declassified section of the directive... and the Commerce order putting OSI into operation shows the OSI planned to go far beyond its authority and try to restrict the flow of information from the federal government."

"This is another example of an attempted power grab by an agency whose authority is based on a hush-hush directive which it refuses to discuss..."

Bullet Grazes Head Of Mary Pickford

HOLLYWOOD (P)—Mary Pickford, sweetheart of the silent screen, has disclosed that a bullet grazed her head when a pistol was accidentally discharged on her estate.

The former actress made light of an incident she said took place Saturday night as she and her husband, producer Buddy Rogers, were returning home with Marion Davies and the latter's husband, Capt. Horace Brown.

Miss Pickford said on Monday that Brown, formerly of the merchant marine, was showing his pistol to Rogers when he slipped in a spot of oil in the driveway.

The gun discharged, she reported, and the bullet ricocheted from the driveway to her forehead. Dr. Elliot Corday said he treated Miss Pickford for a slight abrasion.

STEEL UNION SEEKS PAY HIKE

PITTSBURGH (P)—The United Steelworkers, which wants a "substantial" wage hike and other new contract benefits for its 600,000 members in the basic steel industry, Tuesday went forward with preliminary negotiations.

USW negotiating teams headed by President David J. McDonald called separate meetings with representatives of four big companies—Jones & Laughlin Steel Corp., Youngstown Sheet & Tube Co., Inland Steel and Great Lakes Steel.

Tuesday's sessions followed opening talks yesterday with U.S. Steel Corp.—usually the contract pace setter of the industry—Republic Steel and Bethlehem Steel. Follow-up meetings between the union and these firms also were on tap today.

Although McDonald did not reveal exact union demands, a wage increase, a layoff pay plan, premium pay for weekend work and increased insurance benefits to be paid by the companies were included in the 22 proposals he laid out on the table.

Spokesmen for both sides expressed hope that agreements can be reached before current contracts expire midnight June 30. After that the union is free to strike.

Company negotiators made no immediate reply to the union's proposals, but promised to give them "full consideration." Normally, it is a week or so before the firms make counter offers.

On The U. S. Political Front

LOS ANGELES (P)—Adlai E. Stevenson says "I hate to think we are on the eve of anything serious" in the form of an economic depression.

But the former Illinois governor left the definite impression in campaigning for California votes in the Democratic presidential nomination contest here Monday night that he believes the nation may be on the verge of a serious business downturn.

Stevenson and Sen. Estes Kefauver of Tennessee—meeting head on in Florida's Democratic primary today—resume in California a battle growing more personalized each day in their stretch run for convention delegates.

Stevenson divided his time in a television broadcast Monday night between answering charges leveled against him by Kefauver and assailing the Republican "peace and prosperity" campaign slogan.

The 1952 Democratic presidential nominee said that as the result of automation unemployment is growing in the coal mines, textile factories, steel mills and railroad shops. He said farm equipment manufacturing is off sharply.

Asserting that there are now nearly 200,000 men out of work in the automobile industry, he said: "I hate to think we are on the eve of anything serious in this situation."

Elephant Wanders Around Two Hours

BOUND BROOK, N.J. (P)—It's a good thing the citizens of this community of some 5,000 go to bed at a reasonable hour or they would have thought they saw an elephant roaming the streets at 4 a.m. Tuesday.

For that's just what happened. An elephant owned by the Benson Bros. Circus left his stall and wandered around town for two hours.

There was no panic and no calls to police beginning, "I am stone sober, but—"

Outside of police, apparently no one saw the critter. The cops found him and trainers got him back to the circus grounds in time for the show to pull out on schedule this morning.

YORK, Pa. (P)—William E. Bankert, 27, of York R. 6, was killed Monday night when his motorcycle collided head-on with an automobile five miles southwest of York.

Police reported Bankert's motorcycle crashed into a car driven by David S. Seif, 72, of Spring Grove R. 1.

John A. Smith To Get New Position

HARRISBURG (P)—The chairman of the State Milk Control Commission said Tuesday John A. Smith, Dickinson, a former member of the State Legislature, will be named to the commission.

The governor's office confirmed that the appointment "will be coming down soon."

Asked about reports that arrangements are being made to inaugurate the Cumberland County man Thursday, Joab K. Mahood said, "Evidently the governor is giving him an interim appointment."

The board chairman added he has received no official word on the matter, but he pointed out Dec. 19 the governor nominated Smith for the post. The Senate refused to confirm the appointment before it adjourned.

LES ELGART TO PLAY HERSHEY

HERSHEY, Pa. — Experienced gained as a trumpeter with Bunny Berigan, Harry James, Charlie Spivak, all great trumpet players in their own right, proved great to Les Elgart in forming his own orchestra, which comes to Hershey Park Ballroom on Saturday.

Elgart's first job was with Berigan and came after he won an audition in which 40 other musicians participated. After engagements with Berigan, James and Spivak, he appeared with Woody Herman, Hal McIntyre and Billy Butterfield.

Later, when he started his own band, he hired such well known musicians as Bill Finegan, Ralph Flanagan and Nelson Riddle. And, for vocalist, he signed Lisa Kirk, a rising young singer.

Elgart has come up with a style he calls "sophisticated swing," with his brother, Larry, one of the nation's top saxophonists, setting the

SENATE PASSES HIGHWAY BILL EARLY TODAY

By JOE HALL

WASHINGTON (AP)—Senate passage of the highway bill early today assured the nation of mammoth program of road construction aimed at coping with the ever-swelling flow of motor traffic.

Passage came after midnight. Weary senators shouted approval of the measure that would set in motion the greatest peacetime federal building program in history. The Senate finished work on the bill at a session that ran 14 hours and 15 minutes — the longest so far this year.

Before adjourning for a Memorial Day holiday, the Senate named its conferees to meet with those from the House to hammer out a compromise bill.

Size Me Asked

This was expected to be done without too much difficulty, since both branches are agreed on authorizing a vast expansion of federal funds for roads, along with new gasoline and other taxes to help pay for them.

The legislation will give President Eisenhower a highway program of about the size he has been asking. But Congress last year rejected his plan for financing much of the new spending with special bond issues. Instead, both houses approved taxes designed to do the work on a pay-as-you-build basis.

Groundwork Laid

Key senators who will serve on the Senate-House conference committee said in separate interviews they believed groundwork already had been laid for settling the major difference with the House.

This involves the controversial question of how to divide among the states 25 billion dollars in federal money to be spent on the 40,000-mile interstate system under both versions of the bill.

The projected 13-year program contemplates an interstate road network to link practically every city of more than 50,000 population with no-intersection, no-stop-light roads. Also planned are by-passes around 50 major cities and inner-loop expressways in some cities.

Whooping Crane Is Born In Zoo

NEW ORLEANS (AP)—Crip the whooping crane whooped it up like any other proud father today after his mate presented the bird world with the first of its species born in captivity.

The long-awaited offspring made its appearance yesterday at the Audubon Park Zoo. It is the 31st whooping crane known to exist.

Crip's mate Josephine set the bird world talking a month ago when she laid the first of two eggs. The second still remains to be hatched.

The shy newcomer occasionally came from beneath its mother's wing as photographers eagerly awaited an opening. They had some trouble since the baby crane's color blended with its surroundings.

The whooping crane is the tallest bird in North America. It is long-necked, long-legged, red-faced and white-bodied.
